WHAT'S NEW UPDATE STI, HIV, TB, HEPATITIS, FAMILY PLANNING, AND ADDICTIONS

Conference Description

This conference will focus on the integration efforts that support a collaborative healthcare approach. Current medical updates in services for STIs, HIV, TB, hepatitis, family planning and addictions will be discussed.

After completing this conference, the learner should be able to:

1. State current practice in the care and treatment of STIs, HIV, TB, and hepatitis
2. Explain how to screen clients for substance abuse, including the identification of co-occurring mental health issues
3. Describe current methods of effective contraception
