WHAT'S NEW UPDATE STD, HIV, TB, HEPATITIS, FAMILY PLANNING, AND ADDICTIONS

Conference Description

This conference will focus on the integration efforts that support a collaborative healthcare approach. Current medical updates in services for STDs, HIV, TB, hepatitis, family planning and addictions will be discussed.

After completing this conference, the learner should be able to:

1. State current treatment practices for hepatitis C and multi-drug resistant bacterial STDs
2. Identify interactions between HIV and TB
3. Explain how to screen clients for substance abuse, including the identification of co-occurring mental health issues
4. Describe current methods of effective contraception and pre-conception counseling
