Praise for previous
"What's New" Conferences:

Staunton May 5, 2011:
 "Very good review and overview of difficult subjects."

Bristol May 18, 2010:
 "Well-qualified, knowledgeable, and excellent presenters. Only thing I can suggest is: Have more of them please!"

Fairfax September 22, 2009
 "It was a treat to have several presenters in one afternoon, all of them knowledgeable and engaging, thank you so much!"

WHAT'S NEW UPDATE STD, HIV, TB, HEPATITIS, FAMILY PLANNING, AND ADDICTIONS

Conference Description

This conference will focus on the integration efforts that support a collaborative healthcare approach. Current medical updates in services for STDs, HIV, TB, hepatitis, family planning and addictions will be discussed.

After completing this conference, the learner should be able to:

1. State current treatment practices for hepatitis C and multi-drug resistant bacterial STDs
2. Identify interactions between HIV and TB
3. Explain how to screen clients for substance abuse, including the identification of co-occurring mental health issues
4. Describe current methods of effective contraception and pre-conception counseling
