MARCH 16-17, 2010

CNE Certified Activity

COURSE LOCATION:

New Jersey Medical School Global Tuberculosis Institute
225 Warren St. 1st Floor
Newark, New Jersey

PROVIDED BY

UNIVERSITY OF MEDICINE & DENTISTRY OF NEW JERSEY (UMDNJ), NEW JERSEY MEDICAL SCHOOL GLOBAL TUBERCULOSIS INSTITUTE, AND UMDNJ CENTER FOR CONTINUING AND OUTREACH EDUCATION

This activity is supported by a grant from the Centers for Disease Control and Prevention, Division of Tuberculosis Elimination

The New Jersey medical school Global Tuberculosis Institute is the Tuberculosis Regional Training and Medical Consultation Center for the northeastern United States

COURSE DESCRIPTION & OVERALL GOAL

This is an interactive workshop designed to enhance TB case management and contact interviewing skills of the nurses who attend. Topics include effective communication, treatment adherence, management of tuberculosis in the pediatric population, and cultural competency. The format includes lectures, role playing and interview of simulated patients and small group exercises.

WHO SHOULD ATTEND

Enrollment is limited to Registered Nurses who have TB case management as part of job responsibilities.

WHY COURSE IS NEEDED

An individualized, patient-centered approach been acknowledged as an effective strategy for providing care to patients with tuberculosis. Case management, along with effective contact investigations can lead to a decrease in the spread of disease, improved treatment adherence, and successful patient outcome.

OBJECTIVES

Upon completion of this course participants will be able to:

- Identify the concepts of tuberculosis (TB) case management
- Describe the essential components of a contact investigation for tuberculosis
- Describe the concepts of effective communication
- Apply the elements of TB nurse case management to the contact investigation process
- Describe how the concepts of TB nurse case management can be put into practice

COURSE REQUIREMENTS

In order to meet the course objectives, individuals should attend the entire course, participate in individual and group exercises, and complete a self-assessment and program evaluation at the end of the course as well as a post-course follow up evaluation two months after the training.

Prior to attending the workshop participants must read *Tuberculosis Case Management for Nurses: Self-Study Modules* and complete a pre-course knowledge assessment.
